LOCAL BOY GIVEN JAPANESE MEDAL

Patriotism and good will mingled in a pretty ceremony at the grammar school Tuesday afternoon during which Duncan FitzGerald, a sixteen-year-old school boy was decorated by the Japanese government for bravery. A year ago Duncan saved a Japanese named Kimimatsu Kida from drowning in the creek. Kida's two white companions had already gone to the bottom when the boy, who chanced to be mearby, hastened to the rescue and, endangering his own life, succeeded in saving the drowning Japanese. He modestly attached but little importance to the event although the praise he was given would have turned the average juvenile head.

The incident was about forgotten until a week ago when it was announced that the Japanese government, having heard of Duncan's bravery had resolved to suitably reward him.

Tuesday afternoon Ujiro Oyama, the Counsul General of San Francisco, accompanied by J. Suzuki, the editor of the Japanese-American and other prominent Japanese came to this city and called at the school where they were met by Mr. Mantz, the principal, the members of the board of trustees and a number of citizens. The school children were gathered in the assembly hall which was decorated with the Japanese and American colors. Mayor Merrill presided and addressing himself to the children spoke to them instructively on the history and civilization of Japan, of the close friendship of that nation toward the United States and the events that led up to it. "This is a day of honor to Redwood City," he said. "We are not here to honor our young friend, but to confirm the honor that he has conferred upon himself. If every one did his duty how much better the world would be. Duncan FitzGerald saw his duty and he did not stop to ask why, but unhesitatingly did that which is required of us all."

Mr. Oyama, the Japanese consul, was then introduced and after pinning the decoration, a silver medal, of the breast of the boy, addressed him as follows:

"Mr. Duncan FitzGerald—It is my pleasure today, under instructions of my Government, to perform a very pleasant duty, and I am glad that your good Mayor has mad it possible for me to do so here in the presence of your school-mates and fellow townsmen, where I can not doubt that you are loved and respected as you deserve.

"About this time last year one of my countrymen was in great peril. His boat had been overturned in one of the creeks in this vicinity and he was in iminent danger of drowning. Promptly, unselfishly, and with great risk to your own life, you plunged into the water and brought the helpless man in safely to the shore. It was a brave deed and nobly done. It was such an act as a brave man only can perform and which brave men everywhere love to recognize.

"His Majesty, the Emperor of Japan, has heard of your heroic act and, in recognition of same, it has pleased him to order that you be decorated with this medal which I today have the pleasure of pinning to your breast. He bestows it, not only in recognition of your individual merit, but in the hope that it may be an incentive to others to do brave and manly things, even as you have done.

"The decoration is known in Japan as Kojuhosho, and is given only to persons who, like yourself, have shown signal heroism in saving human life, It was established in 1881, or about thirty-two years ago, and this is the forty-fifth time that it has been awarded; from which you will see how carefully it has been bestowed and how highly prized it is as a symbol of honor.

"I congratulate you, Mr. Fitz Gerald, on this recognition of your valor, and I congratulate your town and your state that they possess young men like yourself who are ready at all times to do their whole duty in the service of humanity.

"With this medal goes not only the good will of his Majesty, the Emperor of Japan, but the gratitude and kindly sentiment of my countrymen everywhere. It is their hope, and my hope, that your future may be marked by every happiness and good fortune."

The consul then handed Duncan a parchment of which the following is a translation. In conclusion he cordially thanked Mr. Merrilf and the school officers and teachers:

DECORATION CERTIFICATE OF THE JAPANESE EMPIRE.

His Imperial Majesty, the Emperor of Japan, in recognition of the noble and deserving act of Duncan Fitz Gerald, a citizen of the State of California, who, on March 7, 1912, at great peril and risk to himself, rescued from drowning one Kimimatsu Kida, a subject of Japan, whose boat was overturned while crossing a certain creek near Redwood City, in company with twoAmericans, has ordered me to confer upon the said Duncan Fitz Gerald the decoration of Kojuhosho, as established by the Imperial Ordinance of December 7, 1881.

(Signed) SANEMASA OGIMACHI,
President of the Bureau of Decoration.

After examination of the foregoing certificate, the undersigned has placed it on record as No. 45 in the book of decorations of the order of Kojuhoaho.

(Signed) JENKICHI FUJII.
Secretary of the Bureau of Decorations.
[Seal of the President.]
[Seal of the Bureau of Decorations.]
[Seal of Secretary of Bureau of Decorations.]

Duncan briefly thanked the consul.

The exercises closed with the song America in which all joined.

COUNCIL DELAYS ACTION ON STREET IMPROVEMENT PLANS

The improvement of a section of streets comprising fully half of the thoroughfares of the city will be the next move of the city council. The streets to be built are all of those of the Eastern and Southern Additions, excepting Hilton and Spring streets, and all of those of the "Island." The streets already built are excluded. The improvements will also include the construction of curbings and sidewalks in a large portion of the addition named.

T. C. Rice stated that he had made a number of contracts for the sidewalks and curbing and assured the board that if the proceedings were given a short postponement he could interest many other owners in having the work done by private contract. Perhaps all of this work would be done that way.

The board consented to a postponement until the next meeting to give the property owners an opportunity to avail themselves of the economical means of private contract which it was hoped would be adopted by all of the owners.

A petition was presented by Jas. Curran, W. H. Kinne, Mrs. George Eikerenkotter and Mrs. Dolly Granger, asking that Elm street, one block in length, from Stambaugh street to Phelps, be excluded from the proposed improvement.

Hynding, chairman of the street committee, objected to the omission of this street on account of its central location, and on his motion the petition was disallowed.

A second petition was read, asking that Elm street from Heller to Mound be excluded as its opening to traffic would be a disadvantage on account of the dangerous railroad crossing at Mound street.

Mr. Hynding stated that that part of Elm street had not been included in the improvement section for the reasons set forth in the petition and any action by the board would be unnecessary.

Chairman Merrill stated that he was in receipt of a communication from the local Red Cross society asking that a contribution be made for the relief of the recent flood sufferers. There was a unanimous desire on the part of the board to aid in the help movement. Deleau reminded his fellow mmebers of the spontaneous response on behalf of San Francisco during the memorable days of April, 1906, succeeding the great fire and said that we should be equally generous to the people of the stricken cities.

After some further discussion it was agreed to contribute $70 to the relief fund, this sum with $30 already sent to Mr. Merrill will be given to the Red Cross society.

Owing to his contemplated removal to San Francisco, Frank S. Sears resigned as a member of the Park Commission. On the suggestion of Trustee Deleau, Clayton Schimpf was appointed to fill the vacancy and Mr. Sears was given a vote of thanks for his services in beautifying the city.

A communication was received from the San Mateo County Development Association notifying the council that the term of office of its representative, L. P. Behrens, on the advisory board would expire April 1st, and asking that the representation be continued.

It was the sense of the board that Mr. Behrens had been active in the county's interests and he was reappointed on motion of Hynding and the latter was delegated to notify Mr. Behrens of his election.

Street Superintendent J. Dickey stated that the Sequoia Hotel Company would like to have a portion of the sidewalk at the corner of Main and Broadway cut away to widen the street. The board was satisfied to have the walk reduced but thought that the hotel people should bear the expense and permission will be given with this understanding.

Ordinance 131 closing Del Ora avenue was given final reading and adopted.

SUPERVISORS HOLD SPECIAL MEETING

The Board of Supervisors met in adjourned session Monday, March 31st, there being present Wm. H. Brown presiding, D. E. Blackburn, Jas. T. Casey, Jos. M. Francis and John MacBain.

A report was received from Mrs. Robert Brown, probation officer of Redwood City, to whom had been referred the application of Mrs. William Lehnguhl for aid for herself and three children, recommending that temporary relief be given the applicant until such time as she could secure employment, it being her desire to support herself.

Notice was received from the manager of the County Development Association to the effect that the term of office of W. H. Brown as the board's representative would expire April 1st.

On motion of Casey, seconded by MacBain, Brown was reappointed.

George R. Sneath, H. C. Tuchsen and Surveyor Neuman, the viewers appointed at the last meeting to view and lay out the proposed road from Holy Cross cemetery to Baden, rendered a report describing the route of the road.

The following are the land owners who have consented to the location of the proposed road as described and have signed agreements to furnish the necessary right of way on the following terms:

Baden Land Company—Agreement pending.

The probable cost of the construction of the road is placed at $75,000 which cost will be born by the State Highway Commission.

On motion of Casey, seconded by MacBain, the report was accepted and filed.

A resolution was adopted on motion of Blackburn, seconded by Francis, fixing Monday, April 21st, as the day on which the report of the viewers will be acted upon, and the clerk was directed to give notice to the nonconsenting owners to be present at that meeting and show cause why the report should not be adopted.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Permanent roads mean less repairs—hence lower taxes. A vote for the bonds means permanent roads.

A CALL FOR UNITED ACTION.

On Tuesday it is to be hoped that we can show the neighboring counties that when it comes to a question of the general good we can be above petty politics and cast aside individual small interests. It is to be hoped that we will not exhibit a provincial (so-called) narrowness.

Of the merits of this proposition there is no doubt in the minds of intelligent men. The advantages are not a matter of speculation. Proof in abundance is at hand and with the stamp of authority upon it. Uncle Sam himself lends his voice to the appeal to "put our house in order." He asks us to do so and assures us of the profits that will accrue.

The Government bureau devoted to the study of good roads gives us figures and facts. They require no deduction. The lesson of good roads is so obvious that not to heed it would be to stamp upon ourselves a still more obvious brand of slouthfulness or stubidity—or both.

It has become almost trite to say that good roads increase property values, bring greater profit to farmers, increase population, and travel. It scarcely needs repitition, this palpable fact that an intercommunicating system of highways with the State Highway as the trunk line will tap every portion of the county, allowing the farmer to quickly and cheaply market his crops, allowing the immensely profitable automobile tourist to visit our scenic spots and spend his money, allowing our business men to go back and forth to the metropilis, thus developing our resources to the full and bringing in prosperity to all.

The one thing that should be said, and said again, at this time, on the eve of election, is that unless we turn out and vote we will let our golden opportunity go past us.

We will find ourselves at the opening of the Panama-Pacific Exposition as we are today, bearing an unenviable reputation among the progressive communities adjoining and profiting by the metropolis; bearing the reputation as the "worst-paved county in California."

With thousands upon thousands of visitors from the four corners of the earth here to spend money, to invest money, we will have nothing to offer for sale.

An undeveloped country, of great beauty, perhaps,—but inaccessible—at the very door of the metropolis which will then be attracting the attention of the world.

An unenviable reputation, truly.

Engineer Morton and Engineer Burrell both say that if this road system is completed we will be in prosperous communities of the West by 1915.

The bond issue at this time is the forefront of the progressive and our opportunity, "opportunity which comes upon us as a snail and leaves us as an Arab steed."

Are we to grasp it?
What do you say?
It requires action.
Will you act?
Tuesday.

New High School Drama

"The Parson" is the name of the play which the students of the high school have chosen for presentation this spring. This year, the cast, instead of being exclusively members of the senior class, has been chosen from all students of the high school and those picked out were especially qualified to handle the respective parts. It is desired to make this annual play representative of the high school, and an opportunity for the exercise of the best dramatic talent the school contains. Although some work has been done on the play, rehearsals start in this week in earnest, and, under the careful training and coaching of Miss Merill, the production this year will be very pleasing in every respect. It promises to be vrey amusing in many parts. Further announcement of the members of the cast will be made later.

YOUR VOTE ON TUESDAY WILL INCREASE THE VALUE OF ALL PROPERTY HERE

DON'T BE A CLAM

YOUR VOICE AND VOTE ARE NEIDED

TUESDAY

YOUR individual vote is needed to carry the Good Roads Bonds on Tuesday. We should—by turning out as one man—show the State that we are able and willing to keep our house in order.

We have the reputation of being the worst paved county in California. The system of good roads—together with the State Highway—constructed immediately after the passage of the bonds, will make us the **best paved** and the **most beautiful** county, scenically, in the State.

These roads will double the value of your property in two or three years. Senior U. S. Engineer Burrell says that the **lowest** increase on record following a road system is 100 in five years.

These roads will immediately put into circulation **among the residents of the county** $1,250,000. The benefits will begin to come **at once**, increasing the value and the profit of the farm and cutting in two the present road upkeep.

DEVELOPMENT ASSOCIATION AFTER MORE REDUCTIONS

At the time that the rate case of the Development Association against the Southern Pacific was settled, the intention and promise of that corporation to build an electric railway system down the peninsula played and important part in the negotiations. Company officials stated that work on this system would commence shortly and believing that it would the transportation committee of the Development Association accordingly did not insist on an immediate adjustment of one way fares and intra county commutation fares. There being no sign of action on the part of the Southern Pacific as far the construction of the electric line is concerned, a discussion over this matter at the meeting of the Board of Governers Tuesday night resulted in the order that the transportation committee invetsigate it further with the understanding that steps be taken to secure a futher reduction in fares if definite assurance of action on the part of the Southern Pacific could not be secured.

At the general meeting of the Association the following officers were re-elected:-Rev. W. A. Brewer, president; W. J. Martin, Vice-president; H. C. Tuchsen, Treasurer; D. G. Doubleday, sergeant at arms; F. L. Eksward, secretary; L. E. Fuller, manager; George A. Deleau of Redwood City takes the place of H. W. Walker on the governing board and Walter Anderson that of M J. Conway of San Mateo. The various municipalities of the county have not as yet appointed their representatives.

The following letter from the Highway Commission explains a mooted point that the roads now being built by the state will be maintained by them.

Sacramento, March 31st, 1913

San Mateo County Development Asaociation.

Gentlemen:—In response to your inquiries, I am directed by the Commission to advise you that the construction of the main line of the State Highway which the Commission can construct through your county, and that the maintenance of this highway perpetually by the State will save your county annually many thousand dollars for its upkeep, which sum so saved would pay the annual interest on several hundred thousand dollars bonds if issued for other construction.

We are in hearty sympathy with the good roads bond proposition, which your county and several other counties are now planning, and for which the link through each such county will prove the most efficient part of the trunk line of the State Highway to which each county may tie its local system of roads.

Very respectfully,
California Highway Commission,
By W. R. Ellis,
Secretary.

Spring Valley Protecting Game

For some time past the officials of the Spring Valley Water Company have been puzzled to ascertain the reason of the scarcity of quail on the company's vast holdings in the county. They believe that the dearth of the birds was due to the fact that none of the land is cultivated. It has been known that predatory birds migrate from a territory that is not plowed or cultivated. However, the officials began to experiment and ordered the caretakers on the vast preserves to set out traps, when lo and behold, they at once discovered the cause of the depletion of quail on the brroad acres of the water company. In one night 16 coons, 12 poll cats and 10 wild cats were trapped. These destructive animals have for yearrs fed upon the quail which they caught in the underbrush and small trees. The company has a number of men engaged in trapping the animals and expect soon to rid its holdings of these pests that infest the mountain portion of the county.

Progress needs your help—make it your special business next Tuesday to go to the polls and vote for the bonds.

LOCAL PROMOTION MEN HOLD MEETING

Redwood City Board of Trade Gives Its Endorsement to Good Roads Bonds

The annual meeting of the Redwood City Board of Trade, which was held at the city hall last Tuesday evening, was one of the most enthusiastic gatherings yet held by that organization. With a good attendance of members, the spirit of progress was made manifest in every action. Boost—boost all the time—and boost for your home town—was the pervading spirit, and it was manifest that the members are determined that no effort is to be spared to assure the future growth of the industries for whic Redwood City is so advantageously situated.

As might be expected at this time, "Good Roads" was the chief subject discussed. And the Board unanimously went on record as endorsing the proposed county bond issue which will be submitted to the voters next Tuesday. After a comprehensive discussion of this subject, the following resolution, which was introduced by R. F. Chilcott, was unanimously adopted:

Whereas, the citizens of this county will on April 8, 1913, vote on a proposition to bond the county for $1,250,000 to be used for the construction of an up-to-date highway system throughout the county, and

Whereas, it appears that such a system of GOOD ROADS as proposed would tend to develope the county at this time more than any other action on the part of the people at large, and

Whereas, the construction of said highway system would reduce our county road taxes more than enough to offset the taxes on the bonds and in a general way give us a system of roads unparalleled in this State without additional cost over our present system of road construction.

Now, Therefore be it Resolved, that this Board and its members pledge themselves to support the bond issue on April 8, 1913, and recommend to the community at large to support it enthusiastically.

Following the adoption of the resolution, plans for the furtherance of the campaign infavor of the bonds was discussed, with the result that several of the members volunteered to assist in the work on the day of the election. For the purpose of perfecting these arrangements a meeting of the committee, at which all interested are invited to be present, will be held this Saturday evening at the office of H. C. Tuchsen.

Several communications from organizations working along various lines of development work were presented by Secretary Kincaid. Chief in interest created, was a letter from the Chamber of Commerce of San Francisco asking for a supply of literature concerning the resources and advantages of Redwood City. Secretary Kincaid reported that he had been unable to comply with the request because of the lack of material, and urged the preparation and publication of a booklet covering the subjects generally desired by inquirers. This suggestion met with a hearty second from A. D. Walsh and others and a committee, consisting of H. C. Tuchsen, Asa Hull and B. E. Myers, was appointed to suggest plans for the publication of a book of the character suggested.

At the suggestion of D. R. Stafford, a proposition is to be submitted to the members of the Board at the next monthly meeting to change the time of the meeting from the first to the third Tuesday evening in each month. The object of the proposed change is the better accommodation of the members of the commercial section of the organigation, the meetings of which could more conveniently be held during the early portion of the month.

Decisive steps were also taken looking to the extending of the scope of the work of the organization by the securing of a material increase in the membership. With this end in view it was tacitly agreed to re-duce the fee for membership from its present rate of $2.50 to $1, and to make an active campaign for additional members. By this means it is hoped to secure a greater number of active workers and to increase the funds at the disposal of the Board for the furtherance of local development work.

It was decided to cooperate with the Redwood City Woman's Club in the effort to make a special holliday of the annual flower show and festival to be held next month. The merchants generally volunteered to to decorate their places of business and assist in making the occasion an annual gala day.

The annual eletcion of officers resulted in the unopposed selection of the following: R. F. Chilcott, president; Z. T. Thorning, vice president; A. Kincaid, secretary.

PRESCRIPTION

For a Long Life.

This is the prescription for a long life given by an old gentleman in Connecticut, who is ninety-nine years old and still well and cheerful, "Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and, above all, keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish, take Vinol, which is a delicious combination of the medicine—body-building properties of cods' livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength-creators in the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, you would be unable to supply the demand; it is the finest tonic and strength-creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.
